

## **Now Hiring Estimators**

We are seeking an experienced Estimator with experience reading elevations and architectural plans. Your role will be to prepare bids based on drawings, specifications, labor costs and materials. Understanding bidding processes, creating value engineering options, cost breakouts and plan breakouts are essential functions of this position.

- Requires 3+ years of work experience in flooring sales, manufacturing or construction-related industry.
- Ability to read and interpret blue prints.
- Emphasis on multitasking and priority setting.
- Must perform well under deadlines
- Proficiency in MS Office, advanced Excel skills
- Must be able to communicate effectively with general contractors, builders, and sales teams.
- Experience working with RFMS Measure, or similar flooring relational databases a plus
